NUMBER 162.

MAY REACH A CRISIS

Affairs in the Anthracite Region Assume a Threatening Aspect.

IMPORTATION OF NONUNION MEN.

Special Policemen Employed by the Coal Operators to Protect the Men Who Take the Place of Strikers.

Pottsville, Pa., May 30.—The coal companies in this section are gathering special policemen to protect their property, and in the event of a conflict on Monday they will have a large body of men in the field. The Reading company has had 125 policemen sworn in since Monday. These will supplement its regular force of 50 policemen. All have been ordered to report for duty at once. It is known that a strike of the pumpmen, engineers and firemen is inevitable.

With these special policemen and the watchmen and special detectives who have been already employed, the Reading company expect to have a sufficient force to protect any non-union men who may be brought here to run the pumps.

The Saint Clair Coal company and the Buck Mountain Coal company, also had commissions issued to a number of special policemen. The Lehigh Valley Coal company and the Pennsylvania company each will have sworn in 50 policemen before the end of the week, and a score of other companies will take similar action. Strike leaders are protesting against this action as unnecessary. They say there will be no violence on the part of the strikers unless they are forced to protect themselves.

Non-Union Men at Work.

Hazleton, Pa., May 30.—Eleven non-union men, brought here from Philadelphia, were put to work at the Cranberry colliery of A. Pardoe & Co., to fill the places of striking firemen and pump runners. This is the first importation of non-union men into the district. It was learned on what appeared to be reliable authority, if necessary, the coal companies will next week arrange for an interchange of engineers, firemen and pumpmen, who have signified their willingness to remain at work, but not in their own districts. According to this arrangement men from the Schuylkill region are to be sent to Wilkesbarre, those from Hazleton to Scranton and those from Wilkesbarre to Shamokin. Owing to the reluctance of both the company representatives and the Mine Workers' leaders, this cannot be confirmed. The Lehigh Valley Coal company made provision for housing and boarding its firemen and pumpmen at the No. 40 colliery, its largest operation in the district.

Will Charge Storage.

Philadelphia, May 30.—The Pennsylvania Railroad company has notified coal shippers that on and after June 1, \$1 per day demurrage will be charged upon cars detained over an average of four days at Greenwich Point, Perth Amboy, Harsimus Cove and Baltimore. This action will interfere seriously with speculators, who, taking advantage of the anthracite strike and the consequent increased demand for bituminous coal, are buying the latter and using the cars for storage purposes, pending a market for it at high prices.

Advice on Selecting Husband.

Lexington, Ky., May 30.—"Before I would marry a man to reform him I would sooner wed an ape and wait for him to develop," said Rev. Peter Almslee of Baltimore, a minister in the Christian church, in addressing the graduating class of a female college at the Lexington opera house. The class consisted of young women from places throughout the south, daughters of wealthy stock raisers and planters. The preacher admonished them not to act hastily in selecting a husband. He declared there would be fewer tears shed after the union if the step was taken after due consideration.

St. Petersburg, May 30.—The situation of the famine-stricken peasants continues to grow worse. In 241 villages of the Minsk district, government of Cufa, 6,815 cases of scurvy were officially recorded on April 14, as compared with 2,723 cases reported on March 14. This is only a sample of existing conditions in other famine districts. Siberian merchants are loudly complaining that Manchuria and adjacent parts of Siberia are flooded with American, German, Japanese and other foreign goods and that Russian trade is disappearing.

RAILROAD OFFICIALS

Indicted by Federal Grand Jury For Forming a Pool.

Memphis, May 30.—Six railroads entering this territory have been indicted by the federal grand jury in session in this city, on the charge that there is a "declaration" or agreement between them, constituting a pool for the purpose of dividing on a pro rata basis the cotton shipped out of Memphis, as well as to maintain rates.

The roads indicted are Illinois Central, Louisville and Nashville, St. Louis, Iron Mountain and Southern, the "Frisco route," the Southern Railway company and the Nashville, Chattanooga and St. Louis.

The indictments were returned under section 5 of the interstate commerce law, as amended, for the regulation of common carriers in the United States. United States District Attorney Randolph is conducting the prosecution.

Rev. Dr. Wilson Elected.

Pittsburg, May 30.—When Rev. Dr. J. M. Ross called the forty-fourth general assembly of the United Presbyterian church of North America to order for the first business session, 253 commissioners were in their seats. Devotional exercises were first held, after which the important task of electing a moderator was taken up. Rev. Dr. Wilson of Erie, Pa., was elected on the first ballot and the election was adopted unanimously. Dr. Wilson was then escorted to the chair. After the reading of the minutes the clerk presented his report. It showed that the congregations of America contributed for all purposes during the year \$1,843,235, an increase of \$11,355, the largest in any one year. The membership of the church increased 2,029.

Accused of Conspiracy.

Guayaquil, Ecuador, May 30.—The newspapers here denounce former President Alfaro of Ecuador, who is residing here, for conspiring to overthrow President Plaza, his successor, who was inaugurated in August last, asserting that Alfaro has called on the Colombian rebels to suspend their operations in Colombia and come to Ecuador to help him. It is further asserted that the former president has promised that after the Colombians have been victorious in overthrowing President Plaza, Alfaro will assist them to defeat the Colombian conservatives against whom they are now waging a war. The Guayaquil papers are asking Alfaro to furnish an explanation of his conduct.

English Fleet in Orient.

Victoria, B. C., May 30.—Great Britain is strengthening her fleet in Asiatic waters by sending vessels from the Pacific station. The torpedo destroyers Virago and Sparrow Hawk will leave shortly for the Orient to be added to the fleet there. The Arethusa, which was sent from here at the time of the Boxer trouble, and which did not return, is coming over to convoy the two destroyers. When the destroyers leave it will make three vessels that have been sent from here to China by the admiralty.

Refused to Make Award.

St. Louis, May 30.—The grounds and building committee of the Louisiana Purchase exposition, after examining the bids on the construction of the palace of liberal arts, refused to make an award, the figures all being in excess of the estimate of \$600,000 by the department of works. The committee will order the plans returned to the architects for extensive revision, in order to bring the cost of the building within the allowance. When the plans have been revised, a new letting will be held.

Corpus Christi Day.

Vienna, May 30.—Corpus Christi day was celebrated with the customary magnificent ecclesiastical ceremony. Emperor Francis Joseph, the archdukes, the principal officers of state and municipal authorities were present at high mass in the cathedral. Subsequently the whole body paraded the principal streets, headed by the clergy and banners of every parish in the city. The emperor walked, bareheaded, carrying a lighted candle, behind the host.

Hard Coal Famine.

New York, May 30.—The retail coal dealers of this city entered upon the first day of its real anthracite coal famine, since the strike of miners. Not a cargo was in sight in the markets. The stocks of many of the yards are depleted entirely by the severe drain of the last two weeks and nowhere except in the yards of the railroads, where coal is boarded by the thousands of tons, could be had even a glimpse of the mineral.

Congressman Emmett Tompkins of Columbus formally announced his declaration for renomination in the Twelfth Ohio district.

PROBABLY ON MONDAY

The Terms of Peace With the Boers Will Be Made Known.

FINISHING TOUCHES ARE ADDED.

Mr. Balfour, the Government Leader, Makes a Statement to the House of Commons About Negotiations For Peace.

London, May 30.—The government leader, A. J. Balfour, announced in the house of commons that he hoped to be able on Monday next, to announce the result of the peace negotiations in South Africa.

Mr. Balfour added: "I cannot, however, be absolutely certain of being in a position to do so, and until the statement can be made I do not think it expedient to take up the subject."

The government leader also added: "A recent phase 'hung in the balance,' has been absurdly misinterpreted as referring to divisions in the cabinet on the subject of the budget. That is not a fact, and the only point is whether the house can properly be asked to discuss the budget until we know precisely where they stand in regard to the negotiations."

In spite of Mr. Balfour's pretended uncertainty, there is no doubt whatever in the house of commons or elsewhere that a full peace settlement will be announced Monday next.

The capture of Commandant Malan, announced from Middleburg, Cape Colony, renews attention to the activity of the rebellion in Cape Colony. Commandant Malan took the late Commandant Scheepers' command when the latter was captured by the British and became chief Boer commandant in Cape Colony after Commandant Kritzinger's capture. Malan, who was mortally wounded when captured by Major Collett's mounted troops, was among the irreconcilables who refused to be a delegate to the conference at Veerigning, Transvaal.

According to the latest uncensored correspondence from Cape Town, the Boers are still in constant occupation of at least 23 different localities in Cape Colony, having more than a score of bands of raiders, mounted and armed, and of sufficient mobility to defy successful pursuit, although the British have often swept and "cleared" every mile of the colony's territory. A correspondent reports that the "invasion is more actively aggressive than ever, and rebellion is more rampant."

The campaign against the roving Boer commandoes in Cape Colony, which has been in active progress for 1 month, has achieved nothing beyond keeping them moving. "Any occasional success," the correspondent adds, "obtained by the seventeen British columns operating in Cape Colony is more the result of luck than of their tactics, and these unpalatable facts will continue as long as so few columns co-operate in the hustling. The inadequacy of the supply of troops is at the root of the unsatisfactory operations."

Finishing Touches.

London, May 30.—The British cabinet, which was specially summoned, was in session for a little over an hour. It is generally accepted, however, that the session, though brief, sufficed to put the final touches on the agreement which will terminate the war. The colonial secretary, Joseph Chamberlain was sufficiently recovered from his indisposition to attend what is already designated as the "peace cabinet."

For Pneumatic Mail Service.

Washington, May 30.—Postmaster General Payne has called for bids, to be opened here on July 12, next, for the contracts for installing pneumatic tube mail service in Boston, New York, Brooklyn, Philadelphia, Washington and St. Louis. The bids are to cover either all or parts of the service planned in each city. The ultimate limit of annual expenditures of the cities of the country for this purpose prior to July 1, 1904, as allowed by congress, is \$800,000 and each city is limited to an annual expenditure not to exceed four per cent of the gross annual revenues for the preceding year.

The Next Saengerfest.

Baltimore, May 30.—The Saengerfest association of Baltimore, in charge of the twentieth triennial national saengerfest of the Northeastern Saengerbund of America, decided to hold the saengerfest in this city the week of June 14, 1903. The festival will continue the entire week. It is expected that 5,000 trained singers will attend the saengerfest.

CHICAGO JUDGE

Reprimands Jurors For Acquitting Defendant in Murder Case.

Chicago, May 30.—A verdict of not guilty in the case of William McFetridge, accused of murdering his brother, brought a reprimand to the jury from Judge Kavanagh. "I cannot understand how you ever arrived at such a conclusion," said the court. If ever a man was guilty, McFetridge was that man. The evidence was direct and conclusive. I would not have been surprised if you had imposed the death penalty." William McFetridge and his brother Robert, had quarreled for years. Following a suit in a justice court last fall, which had gone against William, the latter met his brother carrying a little girl. After a few words, William McFetridge opened fire and continued to fire as his brother ran away. The latter died after reaching home. McFetridge attracted attention at the trial by taking up his own defense for three days. He claimed self defense.

Died on a Sleeper.

Cincinnati, May 30.—The remains of Judge James M. Smith arrived here. He died in his berth on the Big Four while en route home from the Presbyterian general assembly in New York. Mrs. Smith and her son-in-law, Judge L. D. Thoman of Chicago were with the deceased at the time of his sudden death from heart failure. He died as the train passed Erie, Pa. Judge Smith was one of the most noted jurists in Ohio. The courts here adjourned in his honor. He leaves three children, Mrs. Thoman of Chicago and Mrs. M. S. Todd of Cincinnati, and Harold H. Smith of Cleveland.

Calls on President.

Washington, May 30.—General F. Buencamino of Manila, Aguinaldo's former secretary of war, called on the president in company with Secretary Root. General Buencamino was taken prisoner by the United States troops at the time Aguinaldo's mother was captured and since that time has been at the head of the federal Filipino party. He told the president that his mission to Washington was to correct the many false reports that have been put in circulation with a view to discrediting the work of both the civil government under Judge Taft and the army.

Wagner Testifies.

Washington, May 30.—Colonel A. L. Wagner, for two and a half years adjutant general of the army in the Philippines, was heard by the Philippine committee. He described the contraction camps in certain provinces and said they could not be compared to the Weyer camps in Cuba. They were necessary in order to clear the country of the ladrones and guerillas. The people were treated well and while a dead line was established, the orders were to kill no one unnecessarily.

Blood Spilled at Primares.

Savannah, Ga., May 30.—The White county primaries here for representatives to the legislature and county offices were attended by severe fighting between the opposing factions at the court house. Several people were injured, but nobody was killed. Ishmael Carter had his head split open with a policeman's club. Sam Davis, an ex-policeman, had his head cut open with a club. He claims to have been held and beaten. There were others more or less hurt.

Care For Confederate Dead.

Washington, May 30.—The house passed a bill for the improvement and care of Confederate mound in Oakwood cemetery, Chicago. Mr. Loud (Cal.) called attention to the fact that there were buried at Confederate mound 12 Union soldiers and 4,039 Confederates, and expressed the opinion that the bill would be the first step in the direction of national care for the graves of the Confederate dead. But he made no objection.

Many Ballots.

Adrian, Mich., May 29.—At 11 a. m. 769 ballots had been taken by the Second district Republican congressional convention without a nomination. The vote on that ballot was as follows: Congressman H. C. Smith 32, Charles E. Townsend, Jackson, 34; W. W. Wedemeyer, Ann Arbor, 22; Mark R. Bacon, Wyandotte, 17, with 53 votes necessary to nominate.

Fears For a Vessel.

Victoria, B. C., May 30.—It is feared that the sealing schooner Hatzic, the only vessel of the coast fleet which has not returned to port, has been lost. She has never been seen since starting on her spring cruise on Friday, Feb. 15. Fears have been expressed for her some time and hope was not abandoned until the coast steamer returned without any news of her.

A SOUTHERN SENATOR

Gives His Reasons For Supporting Philippine Bill In Congress.

DECLARES AGUINALDO WAS A TOOL.

Senator Morgan Favors the Sentiment of Uncle Sam Keeping His Hand to the Plow in the Archipelago.

Washington, May 30.—Consideration of the Philippines government bill was resumed in the senate.

Mr. Lodge (Mass.), in charge of the measure, offered two or three amendments of a minor character, which were agreed to. He then offered an amendment extending to the insurgents the "bill of rights" of the constitution of the United States, except the right to bear arms and the right of trial by jury. In answer to an inquiry by Mr. Pettus (Ala.) Mr. Lodge explained that an opinion of majority of the committee on Philippines, it would be unwise in the present circumstances to extend those rights to the Filipinos. The amendment was agreed to.

Mr. Morgan (Ala.) then addressed the senate upon the bill. He cordially approved the general purposes of the measure which, he said, were a decided improvement on the law now in force in the Philippines. Certain changes which he did not indicate, ought to be made in the bill, but in a general way it looked toward peace. He read an editorial from an Alabama newspaper, which he adopted as his own sentiments. That editorial held that as the United States had put its hand to the plow in the Philippines, it could not turn back. The insurrection in the islands, Mr. Morgan said, was broken, and the duty was left to this government to provide a just and equitable government for the people. Division in the councils in this country, he believed, kept the bolomen and ladrones in the field. When that division was settled, peace in the islands, in a practical way would be assured. If Aguinaldo had in fact, driven Spanish dominion from the islands, or had destroyed the power of the United States to hold Manila under the peace protocol, he said, he had worked a miracle in the development of national power that no other man ever attempted. "If Spain was unable to cope with his forces," he said, "it does not follow that Aguinaldo could destroy by an edict the military and naval forces of the United States. I excuse those who now see a fatal policy," continued Mr. Morgan in the cession of the islands to the States. I still excuse them for not trying to repeal that concession when we know that the success of such an effort would throw the Filipino people back into the arms of Spain, whose tyrannies have made her their unforgiving enemies."

"To have crowned such a war, waged with such a generous purpose with such a result," said he, "would have dismayed stronger hearts than those that beat in the bosoms even of his Democratic colleagues. There never had been," said Mr. Morgan, "a pretense of organized government in the Philippine islands. It was unjust to criticize Dewey for refusing to recognize Aguinaldo as president of the Philippine government. Had he done so," said he, "he would have given aid and comfort to the declared enemies of the United States."

This legal attitude of Aguinaldo and every other Filipino, because Dewey had no power to change a declaration of war by congress.

"Dewey," he said, "believed Aguinaldo was devoted to the success of American arms and had no reason to feel that he was a self-seeking adventurer."

"The laudations of Aguinaldo's alleged patriotism and heroism," said Mr. Morgan, "that have been poured out in his honor here and elsewhere in the United States, are as much out of place as if they had been uttered in honor of the fox in Aesop's fables."

Aguinaldo, he said, was only an instrument in the hands of conspirators. Had he died, another Aguinaldo would have been found, for the Hongkong junta had not committed their fortunes perpetually to him. "The Filipinos are not fighting for liberty," Mr. Morgan continued, "but simply as the savage tool of the junta at Hongkong."

Cold at Rochester.

Rochester, N. Y., May 30.—According to the weather bureau, Rochester was the coldest city in the United States, the lowest temperature being 36. The official report also shows a trace of snow fell.

Probably he thinks the trusts will raise the prices of meat and other necessities of life still higher if the people don't keep quiet and let the combines continue to "pluck" them. The Mercer Omnibus Public Building bill has been agreed on in conference and will shortly reach the President. As finally settled, it appropriates \$40,000 for a building here in Maysville. So Maysville's long-cherished hope for a public building is about to be realized, thanks to Congressman Kehoe's good work. The Court of Appeals has effectively put a stop to any interference of the Legislature in the local government of municipalities. A decision was rendered Wednesday in a case from Fayette County that cities, of whatever class, had complete control over salaries of officials, and that the compensation of such officials was not subject to any action of the Legislature. Now and then you hear people say they are not in favor of hauling down the flag in the Philippines, that when it is once put up over a country it's up to stay. Bryan's Commoner, on this subject, says: The flag was "put" in Canada, but it didn't "stay put." It was "put" in Tripoli, but it didn't "stay put." It was "put" in Cuba, but it didn't "stay put." It was "put" in sections of Alaska, but at the behest of John Bull it didn't "stay put." The American flag will not "stay put" where it is an emblem of tyranny, and all the fol-de-rol and fustian of strenuous men will not alter the fact. The \$20,000,000 paid Spain for the Philippines is the smallest cost of the islands to this country. In response to a resolution of inquiry, the Secretary of the Navy has forwarded to the Senate a statement by the Paymaster General of the Navy, showing the expenditures of the government on account of the naval operations in the Philippines from May 1, 1898, to date. The statement places the amount in round numbers at \$20,000,000. The expenditure to November, 1899, was \$6,545,634; for 1900, \$5,512,000, and for 1901, \$6,335,000. The remainder of the \$20,000,000 is estimated for 1902, the exact figures for the present year being unavailable. **THE STATE'S DUTY.** At a meeting held in Louisville Wednesday to take steps to provide for an exhibit of Kentucky's resources at the St. Louis world's fair, the following resolution was adopted: Resolved, That it is the sense of this meeting that Kentucky should be adequately represented at the Louisiana Purchase Exposition to be held in St. Louis, and that to that end a fund of not less than \$100,000 should be raised for the purpose of making a proper display of the resources, products and enterprises of the State. That such representation is not alone due to the welfare of our own State, but is especially in keeping with the close relations existing between the people of Kentucky and those of Missouri. That to this end we pledge our united and enthusiastic efforts and earnestly solicit the co-operation of all patriotic and public-spirited citizens of the State, confidently anticipating a prompt and liberal response. The meeting did not stop with "resolving," but an organization was perfected for prosecuting the work throughout the State. If the people of the State will respond as they should the money will soon be raised. Maysville must do her part. To the Citizens of Maysville, Ky. The Board of Trade has prepared a leaflet, suitable to enclose in letters, giving some information about our city and inviting manufacturing plants to locate here. By enclosing one of these to a friend, or a business correspondent, you may interest some one, and thus help Maysville and Mason County. You can get them from Mr. H. C. Curran or at the BULLETIN or Ledger offices. BOARD OF TRADE. Swell stocks for ladies, just arrived; see windows. THE FAVORITE. **GRADUATION and COMMENCEMENT GOWNS** The gown is not the least important feature of the occasion. The Bon Ton says: "It is a mistake to have a graduation or commencement gown made too elaborately, or of too expensive material. It should be something dainty, fresh, girlish and distinctive." Fashion commends soft wools, silk and wool or one of the many pretty cotton materials shown in such generous variety this season. The following list will be suggestive: **Pretty Cottons for Commencement Frocks.** India Linen in seven qualities, priced accordingly—7½c, 8½c, 10c, 12½c, 15c, 19c, 25c. Each quality excellent, but we call special attention to the 15c grade. It is the best we've secured in years. In Harper's for June Dr. H. C. McCook, in his article on "Insects and Civilization," gives some startling statistics as to the amount of destruction done annually in this country by insects of various sorts. Here are his figures: "The chinch bug caused a loss of \$30,000,000 in 1871, upward of \$100,000,000 in 1874, and in 1887, \$60,000,000. The Rocky mountain locust or grasshopper, in 1874, destroyed \$100,000,000 of the crops of Kansas, Missouri, Nebraska and Iowa, and the indirect loss was probably as much more. For many years the cotton caterpillar caused an annual average loss in the Southern States of \$15,000,000, while in 1868 and 1873 the loss reached \$30,000,000. The fly-weevil, our most destructive enemy to stored grains, particularly throughout the South, inflicts an annual loss in the whole country of \$40,000,000. The codling-moth, the chief ravager of the apple and pear crops, destroys every year fruit valued at \$30,000,000 to \$40,000,000. The damage to live stock inflicted by the ox-bot, or ox-warble, amounts to \$36,000,000. "These are fair samples of the enormous money losses produced in one country by a few of the pigmy captains of pernicious industry whose hosts operate in the granaries, fields, stock farms and the stock yards of our country. What is the grand total? Mr. B. D. Walsh, one of the best entomologists of his day, in 1867 estimated the total yearly loss in the United States from insects to be from \$300,000,000 to \$400,000,000. In 1890 C. V. Riley, long chief of the division of entomology, estimated the loss at \$300,000,000. Dr. James Fletcher in 1891 footed up the loss to about one-tenth of our agricultural products—\$330,000,000! In 1899, E. Dwight Sanderson, after careful consideration of the whole field, put the annual loss at \$309,000,000." **MAYSVILLE CHOSEN** As Place of the Republican Appellate Court Convention—Aug. 14th the Date. The Republican Executive Committee of the Sixth appellate district of Kentucky Thursday afternoon met in the offices of Richard Ernst in Covington and decided to issue a call for a convention to be held at Maysville, Aug. 14th. Eleven of the fifteen counties were represented, and it was decided that each county should be represented at the district convention on a basis of one delegate for each hundred or fraction over fifty votes cast for President Roosevelt. Three candidates are at present known to have aspirations for the race to become Judge Paynter's successor. These are Judge W. G. Dearing, of Flemingsburg, J. C. Wright, of Newport, and Leslie Applegate, of Falmouth. Two of them were formerly Democrats—Dearing and Applegate. **BASE BALL.** Result of Thursday's Games in the National League. Covington, a widely known tobacco trader of Danville, Va., who for years prior to the advent of the tobacco trusts did a good business in the markets of Danville and North Carolina, committed suicide this week. His business had been gradually curtailed by the operations of the trusts until he was practically driven out of the market and unable to make a living. For the month of June Collector Roberts has made the following assignments of revenue officials at this point: Storekeepers, C. T. West, Horace G. Holiday, Wm. F. Schooler and John R. Dagley at Pogue's distillery; Edward W. Lane and Oscar Grigsby at J. H. Rogers & Co.'s; Storekeeper-gauger Sydney A. Powell at Poyntz Bros'; and Gauger Lewis M. Gaffin at Pogue's and Rogers's. There will be an interesting and entertaining program given by the Department of Physical Culture at Haywood at the opera house Monday evening, June 2nd, at 8 o'clock. To vary the program, besides the usual exercises in free gymnastics, dumb bells, wands Indian clubs, &c., there will be a short comedy of one act given by the young ladies of the advanced class entitled "The Trouble at Satterlee's," where the incidents in the life at a young ladies' fashionable school are most amusingly portrayed. Admission 25 cents. Those who have already secured tickets may have them reserved at Nelson's without extra charge. **We Guess You Are Tired Reading Our Last Week's Advertisement!** The fact is that we have been so busy since we wrote it that we had no time to write another. We can't tell you much more than you know anyhow. That our house is the place to get the right kind of merchandise pertaining to Children's, Boys' and Men's outfit from head to foot is so patent to all that it is needless to tell you. Our present stock of Spring Clothing appeals to the intelligent seeker of an outfit. **We Never Had Such Merchandise Before!** and you know what kind we have always sold. Our special offerings for the hot weather consist of the latest things in Flannel and Crash Outing Suits and Flannel and Crash Trousers, the very newest out. Prices \$6.50 to \$10 a Suit. We have devoted particular attention to soft and Dress Shirts this season. Don't fail to see them. Our general lines of furnishing goods is the greatest in the State. **OUR SHOES** must give satisfaction or else our trade in that department would not increase daily. Our Hanan \$5 and \$6 Shoes and our W. L. Douglas from \$2 to \$3.50 are sold with a guarantee to give satisfaction or money back. That's the kind of Shoes to buy. **D. HECHINGER & CO.,** THE HOME STORE. **AT THE OPERA HOUSE MONDAY EVENING, JUNE 2,** The Department of Physical Culture at Haywood will give its closing entertainment. The program will consist of a number of new and artistic drills, closing with a charming little comedy of one act entitled "The Trouble at Satterlee's." Music will be furnished by the Maysville Orchestra. Admission 25 cents. Seats may be reserved without extra charge. **NOTICE.** Parties having claims against the estate of John Ballenger, deceased, will please present them, proven according to law. THE BEE HIVE

It's said that if a fellow's girl writes him on a postal card she doesn't care two cents for him. On that basis it's obvious that this store cares a good deal for you, seeing that this announcement cost no mean figure. Seriously, though, your good will and esteem is of more vital concern than you may imagine. Naturally our business reputation is, to us, a priceless asset, and prizing it so highly, what wonder we guard it so zealously.

Spring Dress Goods!

We feel safe in saying that never in the history of this house was such a dress goods business done as we have this season. The reason? Simply that by past successes of this house we have become emboldened, and in lieu of normal increase have literally doubled last season's selection. The truth is we are after not only the biggest but the best trade in town, and show this season a range of weaves and colors that for variety cannot be excelled. Our exhibit is educational.

BOARD OF EDUCATION.

Business Transacted at the Monthly Meeting Last Evening—Mr. J. W. Foxworth Elected to Succeed Mr. Geo. T. Hunter.

The Board of Education met last evening, President Sallee in the chair and all members present except Messrs. Davis, Clark, Heiser, Nesbitt.

The minutes of previous meetings were read and approved.

Claims amounting to \$67.30 were allowed, together with the salaries of teachers and janitors.

The Treasurer reported receipts of \$93.60 for the month.

Principal Berry of district No. 3 reported suspension of two pupils, one for using disrespectful language and refusing to apologize, and the other for absence from school. Referred to Committee on Discipline.

The janitor of district No. 3 reported some damage done to the school building by rowdies at night. The attention of the police has been called to the matter.

On motion Mr. J. W. Foxworth was unanimously elected to succeed Mr. Geo. T. Hunter as a member of the board from the Fourth ward. Mr. Hunter resigned at the April meeting.

On motion of Dr. Samuel, the time for the election of the remaining teachers was changed to June 20th. All applicants who propose taking the June examination before the County Board of Examiners shall be eligible to election on condition that they successfully pass. The time for the election of janitors was changed to same date.

The Finance Committee was authorized to go before City Council and ask for not exceeding \$1,500 to make needed repairs to the school buildings.

On motion it was decided that the June examination of pupils be conducted on same plan as last year, the teachers to prepare a uniform list of questions for each grade.

Prof. T. Augustus Reid, Principal of the Colored High School, requested permission to distribute programs of the commencement week exercises. The exercises begin June 6th with a recital by the Brady-Cass music school at Plymouth Church, followed by the baccalaureate sermon June 8th at Bethel Church by Rev. R. H. Porter, the Principal's address June 9th at Scott Chapel and the commencement June 13th at opera house.

Take Care of Your Hens.

[Exchange.]

It is predicted on all sides that eggs will be very high next winter. Cold storage companies are now buying eggs and paying good prices for them to be stored and sold next winter. They are buying these eggs at from 14 to 16 cents per dozen now in cold storage centers, and they will sell them next winter at from 20 to 30 cents per dozen. If these eggs will bring that price, fresh eggs should bring more. Farmers' wives should make their arrangements to have plenty of hens on hand next winter and should see that they are in good working order. Provide comfortable quarters for them and there is no doubt but that you will be well paid for your time and trouble.

Prosperous Farmers

Save money on wagons and farm implements by painting them with Plantation Implement and Wagon Paint. Do it before the old coat has worn off or if the wood is already exposed, do it at once. Few things yield as much profit for the small cost as paint on your farm equipment—few things are so generally neglected.

Plantation Paints for this purpose come in blue, vermilion, green and black. Being ground in varnish, it dries with a hard, durable gloss, that is a perfect protection to the wagon or implement. We are sole agents.

Cherry Seeder!

Most useful and perfect contrivance for the purpose of the age. No housekeeper should be without one. It makes cherry-seeding a pleasure instead of a task. Does not crush the fruit or cause any loss of juice; a practical machine for large or small cherries. The seed-extracting knife drives the seed into one dish and throws the cherry into another. The marks of the knife can scarcely be seen on the seeded fruit. Capacity, from twenty to thirty quarts per hour.

DEADLY QUARREL

Between Two Tobacco Dealers in an Apartment Building.

New York, May 30.—Police men attracted by the shouts of alarmed residents in an apartment building at 50 Second avenue, broke the door of one of the flats and found J. S. Keldain, a dealer in cigars, lying on the floor with his skull crushed.

In an adjoining room, lying on a bed was N. Caraman, a tobacco merchant. Caraman was shot through the head. In one hand he held a pistol and near him was a hammer. The police believe he attempted to kill Keldain with the hammer and then shot himself. The cause of the quarrel is not known. Both were taken to Bellevue hospital where Keldain died.

Viciously Assaulted.

Laporte, Ind., May 30.—Intense excitement prevails in the locality of Lake of the Woods, a small village in Marshall county, over the brutal assault of Mrs. Peter Vetlock by an unknown man. The woman is lying at the point of death and her assailant is at large. Mrs. Vetlock was attempting to drive some geese through a gate when a man stepped into the gateway. The woman told him to get out of the way, but instead of doing so he picked up a board, struck her over the head, beating her into unconsciousness and fracturing her skull.

EXCURSION TO ZOO.

School Children of Maysville and Mason County to Have An Outing Saturday, June 7th.

To the Parents and School Children of Maysville, Ky.: The Chesapeake and Ohio railway has arranged to run an excursion to Cincinnati, to give the school children an opportunity to visit the Zoological Gardens on Saturday, June 7th, 1902. The excursion will be an educational advantage as well as a pleasure to the children.

The rate from Maysville to Cincinnati and return will be \$1.10, which includes car fare from the C. and O. depot to the Zoological Gardens and return, and admission to the gardens. While the excursion is for the benefit of the pupils and parents this year, the success we had last year is a guarantee that every one going on this school excursion will have a pleasant time.

In order that a sufficient number of coaches may be on hand to accommodate all wishing to take the trip, I should like all tickets to be bought by June 5th.

The excursion will leave Maysville 7:15 a. m., Saturday, June 7th, and the run to Cincinnati will be made without a stop. Special cars will be at Fourth and John streets on arrival of special train and transport all excursionists to the Zoo Garden. Train returning will leave Cincinnati 6:15 p. m., giving all the excursionists a full day in the Queen City.

The excursion will be under the supervision of the railway officials. W. W. WICKOFF, Agent C. and O. Ry., Maysville, Ky.

Domestic Difference.

Mrs. Enpeck—James, you are good on language. What is the difference between exported and transported?

Mr. Enpeck—Why, my dear, if you should go to England, you would be exported, and I—well, I would be transported.—Sunny South.

PITHY POINTS.

Rathbone doubtless will stir clear of post-offices hereafter.

Rathbone put his party to a deal of trouble by his covetous propensities.

Rathbone needed pardoning doubtless, but this is a mighty poor way to dispose of criminals.

Rathbone's apologists don't condemn him for pilfering, but for doing it in such a bungling manner as to be detected.

There was a time no doubt when Rathbone wouldn't allow that he needed a pardon, but when the law grappled him, he took a different view of affairs.

It remains to be seen whether the Methodist brethren shall regard the recent edict of their supreme court at Dallas in regard to the minor matter of attending the circus.

There oughtn't have been any Americans that needed pardons at the hands of the Cubans, but this amnesty will not make them any less criminal in the minds of honest men.

Had Captain Carter only have waited and played his little game in Cuba he might now be ready to reap the benefit of the general amnesty by that new fledged republic to criminals.

Women Who Wear Well.

It is astonishing how great a change a few years of married life will make in the appearance and disposition of many women. The freshness, the charm, the brilliant vaish like the bloom from a peach which is rudely handled. The matron is only a dim shadow, a faint echo of the charming maiden. There are two reasons for this change, ignorance and neglect. Few young women appreciate the shock to the system through the change which comes with marriage. Many neglect to deal with the unpleasant drains which are often consequent on marriage and motherhood, not understanding that this secret drain is robbing the cheek of its freshness and the form of its fairness. As surely as the general health suffers when there is derangement of the health of the delicate womanly organs, so surely when these organs are established in health the face and form at once witness to the fact in renewed comeliness. Half a million women and more have found health and happiness in the use of Dr. Pierce's Favorite Prescription. It makes weak women strong and sick women well.
